

CHEMICAL SAFETY WORD SEARCH

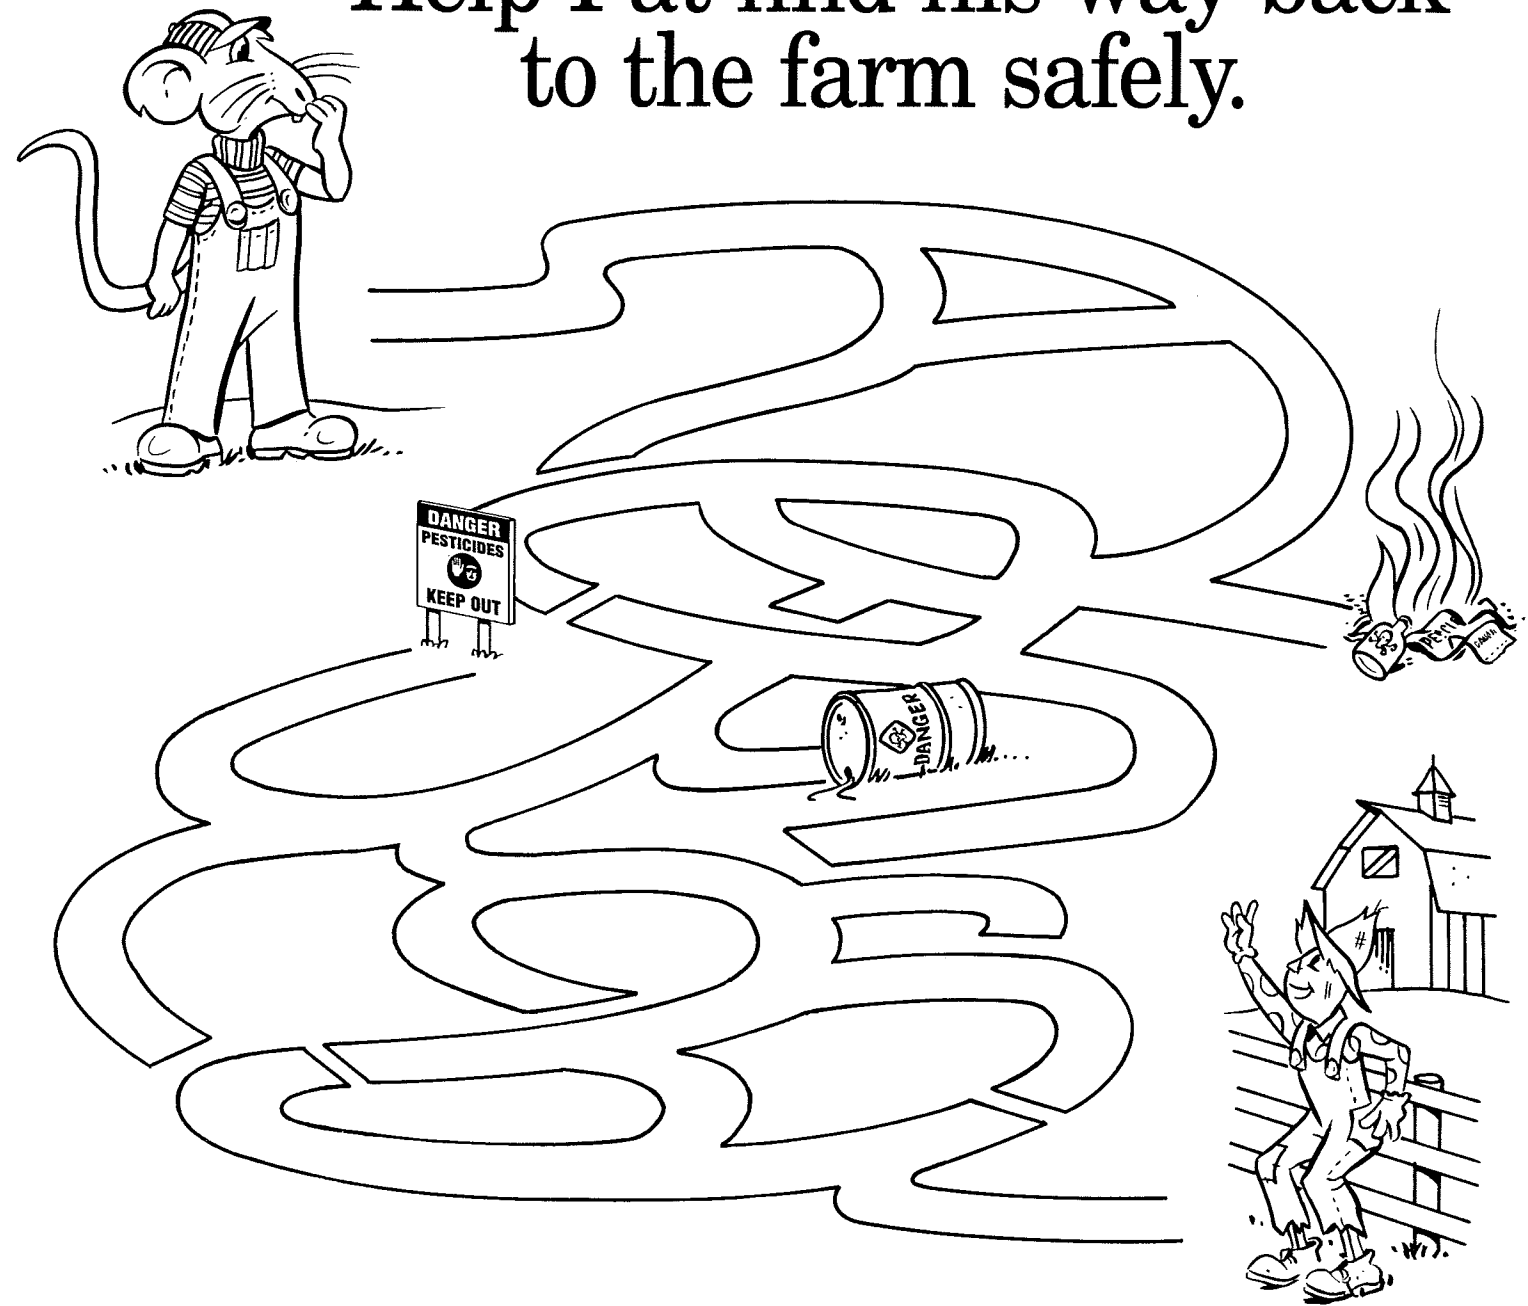

DIRECTIONS: 1. With a dark crayon or pencil, color out every X, Y, and Z. The remaining letters form words. The words can be found going up, down, across or diagonally. Each letter will only be used once.

2. Use one or more of the words found in the puzzle and write a chemical safety message.

EXAMPLE: Please be SAFE when using CHEMICALS.

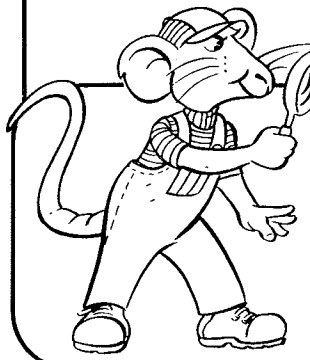

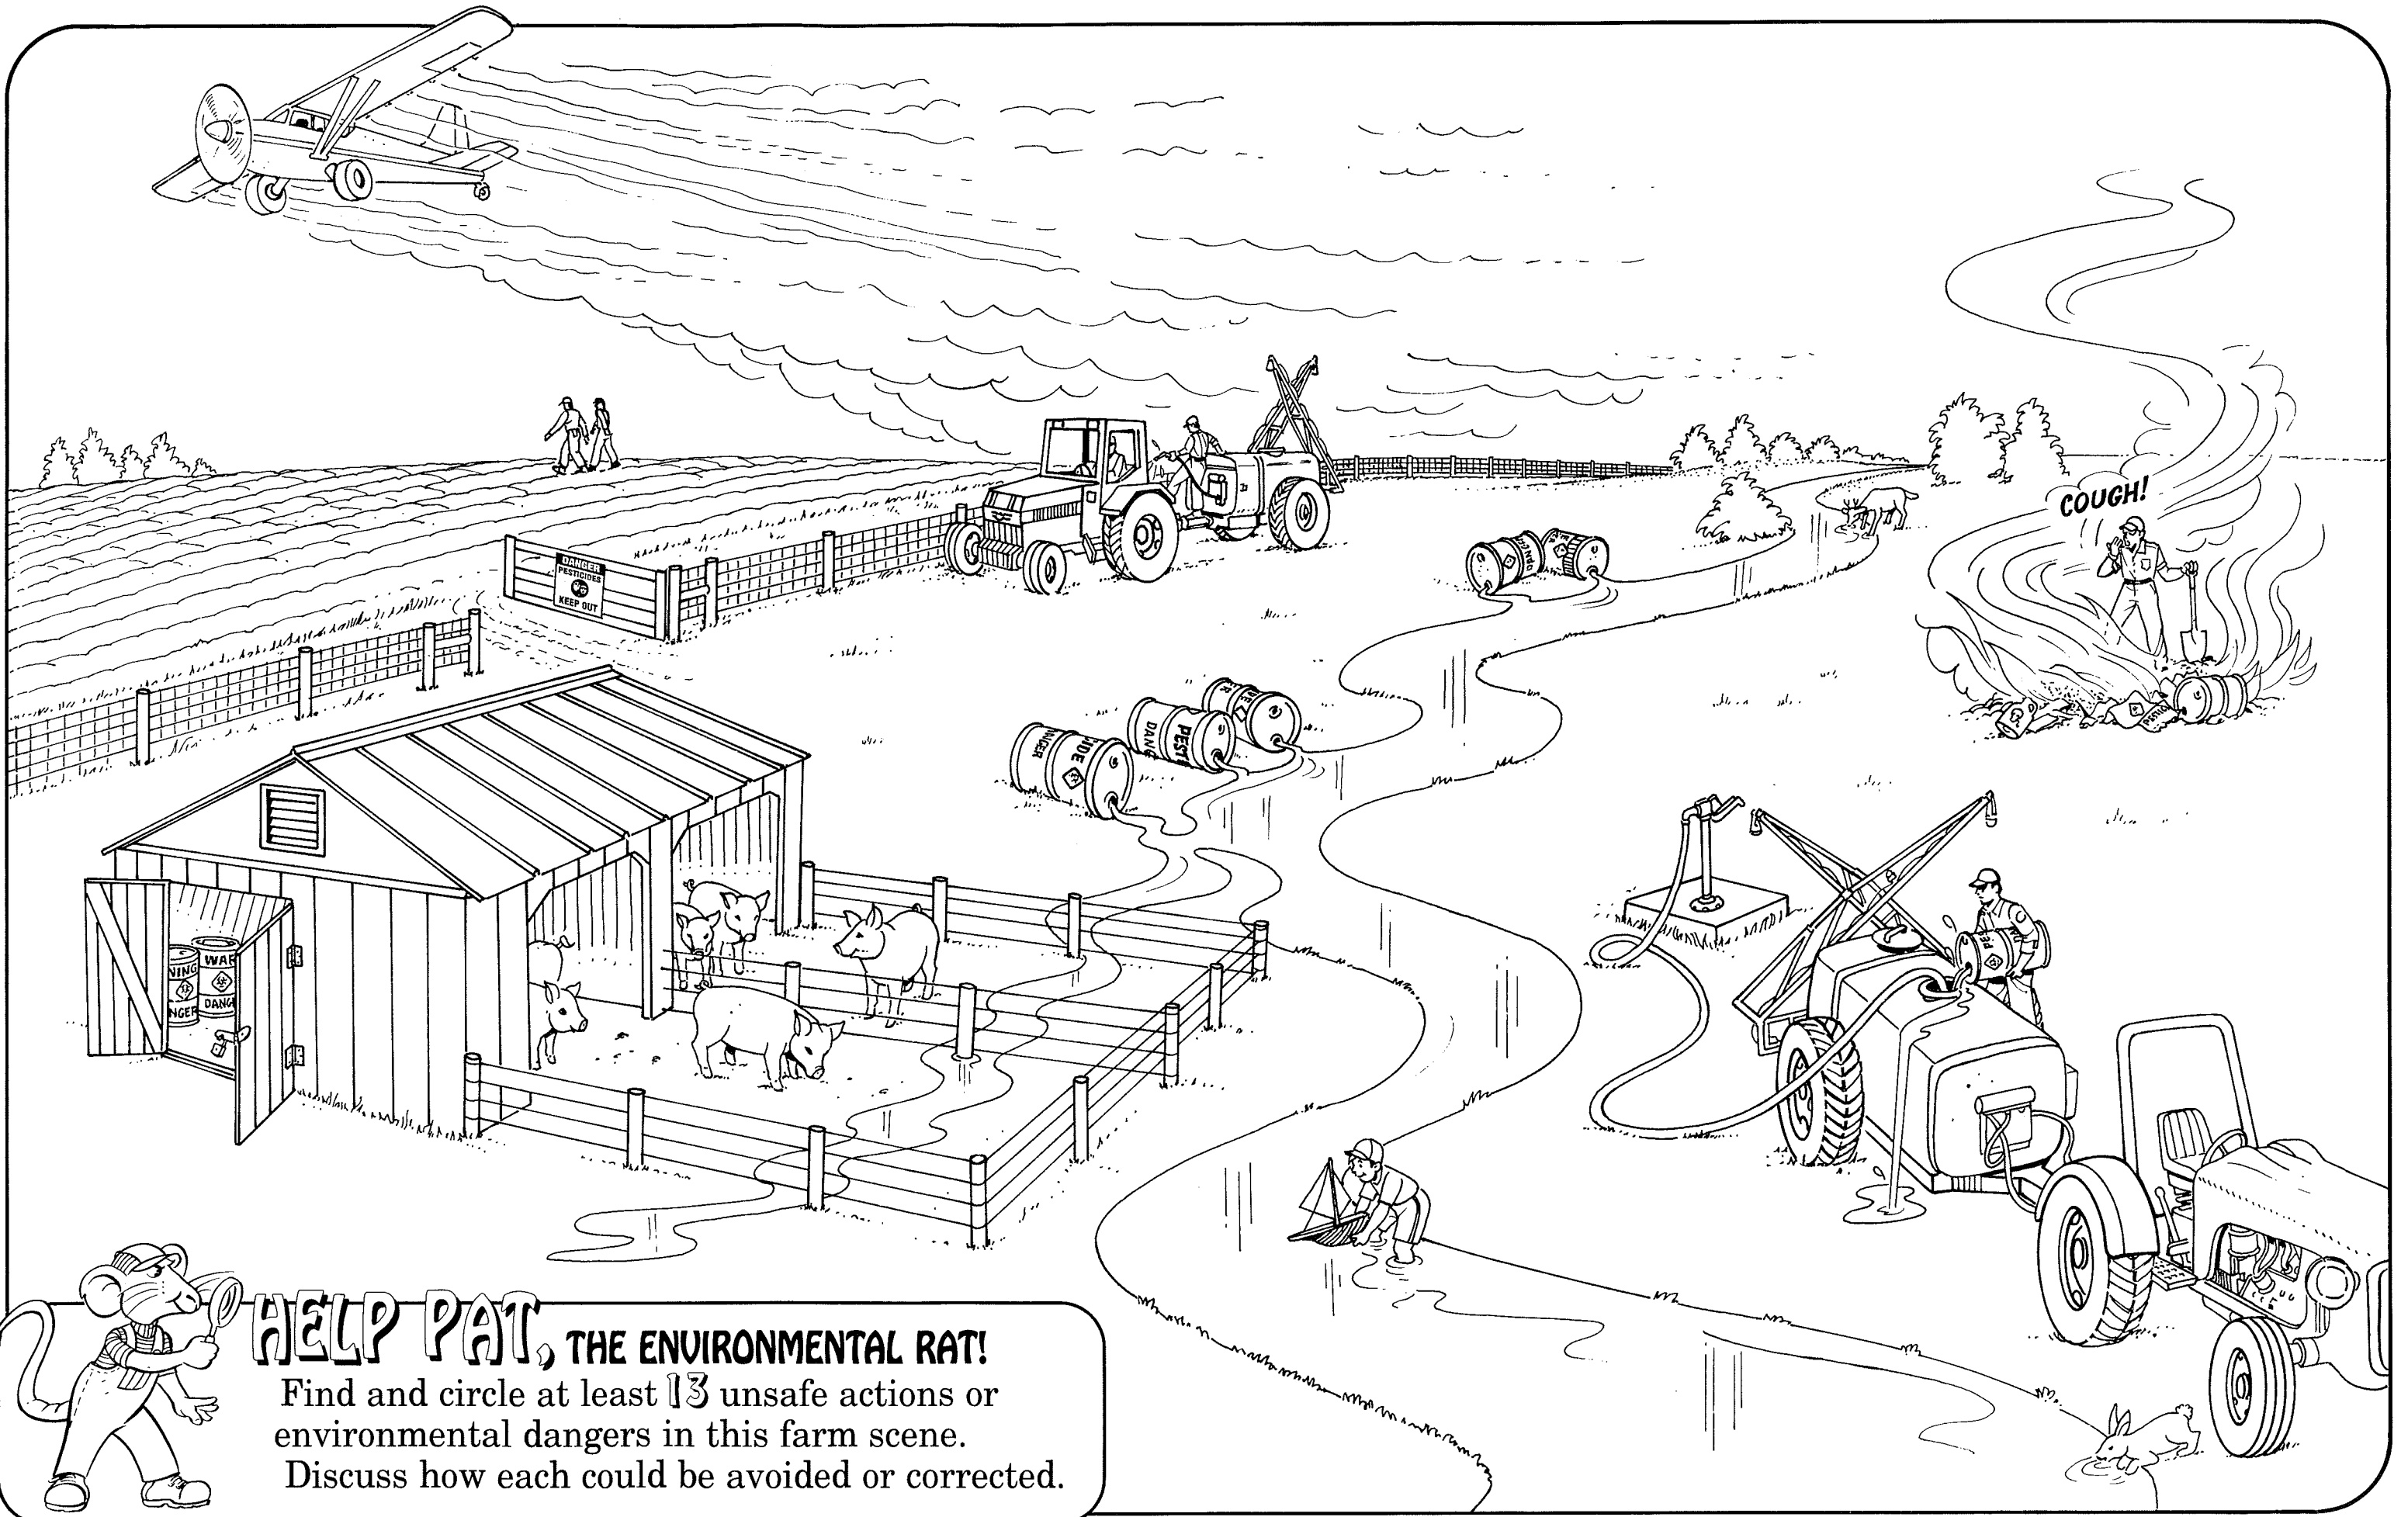

Help Pat find his way back to the farm safely.

PUZZLE ANSWERS

12 FARM SCENE DANGERS: 1. Workers in the field without protective clothing while crop duster is spraying. 2. The gate is open to the restricted area. 3.
